It's our practical way to raise funds and provide financial support for organizations for their work in this campaign.

PARENTING TIP OF THE MONTH

Family creates the foundation on which children will build the rest of their lives. Parents are both leaders and models, so children will learn fundamental skills, including relationship skills,

from their families. Parents must reflect on whether the lessons they are modelling for their children are ones that will serve them well in their adult lives. Important to parent's role is building within their children a foundation of faith by engaging in prayer, attending Mass, reading the Bible as a family and taking part in acts of service. This development of faith will help guide children's actions as they become more independent. It will also ensure they understand that God is always with them.

MARRIAGE TIP OF THE MONTH

Being able to count on your spouse is a vital component of a healthy and happy marriage. We establish this kind of relationship by discussing what behaviours and actions we want to expect from each other. Couples need to create a list of expectations that they each agree will be helpful to their day to day married life. The list might include: setting a boundary on cell phone and computer use during family/couple time; agreeing to saying I love you daily; using manners during daily interactions; praying together at one or more points during the day; having a hug or kiss of greeting each time you depart or reunite during the day; agreeing to speak the truth about feelings, not bury them within. An agreed upon list put into action brings feelings of security and a deeper love.
